Ubuntu Website

The screenshot shows the Ubuntu website homepage. At the top left is the Ubuntu logo. To its right is a navigation menu with links for Products, Support, Community, Partners, and News. A search bar with a 'Go' button is located to the right of the navigation menu. Below the navigation is a large banner for Ubuntu 6.10, featuring a group of people and a 'Download Now' button. To the right of the banner is a red box for Ubuntu 7.04 Beta with the text 'Simple Networking, Easy Codecs and Virtualization! Help Test'. Below the banner are four columns of content: 'Get Ubuntu' (download options), 'Get Support' (documentation and support), 'Get Involved' (share technical know-how), and 'Get Developing' (share development expertise). The 'What is Ubuntu?' section describes the operating system and includes a link to 'Learn more about Ubuntu'. Below this are sections for 'Desktop Edition' and 'Server Edition', each with an image and a 'Learn more' link. The 'Latest News' section lists three recent news items: 'Launchpad 1.0 Beta Released', 'Ubuntu Wins Editor's Choice Award from PC-Welt', and 'Ubuntu 7.04 Beta Released'. Below the news is a 'News archive' link. The 'Related Projects' section lists 'kubuntu', 'edubuntu', and 'xubuntu'. At the bottom, there is a copyright notice for Canonical Ltd. and a footer with links for 'About Us', 'Legal', 'Careers', and 'Contact Us'.
