

We would like to make customers aware of the planned obsolescence of the following ITL products as of June 2021.

PRODUCT NAME	LABEL IDENTIFIER	DATASET CODE	MANUFACTURE DATE
NV9USB+	Blue	XXX01E	Before 2016
NV10USB	Red	XXX011	Before 2016
BV50	Red	XXX012	Before 2016
NV200	BR30 & below	XXX016	Before 2017
SMART HOPPER	BR30 & below	XXX010	Before 2017

**Please note only the product variants listed above are being made obsolete, not the full product range**

From June 2021 no new currency updates or firmware updates will be made available. Repairs and spare parts availability will also stop after this time.

Please use the supporting firmware documents available to [download here](#) to help identify those product variants affected.

#### Replacement Products NOT affected by this obsolescence notice
